User Guide

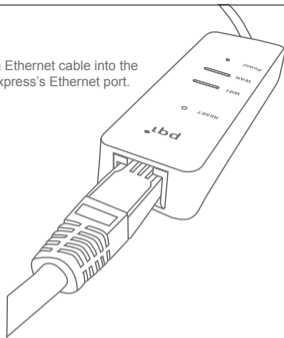

For the complete User Manual, please visit our website www.pqigroup.com.

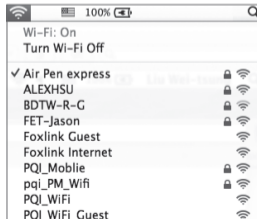

Getting Started

Step 1: Plug the USB connection on the Pqi Air Pen express into any powered USB port.

Step 2: Plug an Ethernet cable into the Pqi Air Pen express's Ethernet port.

Step 3: Open the wireless setting menu on your device and select "Pqi Air Pen express."

Step 4: Open the network browser and enter "192.168.200.1" into the web address box.

Step 5: Begin using the Air Pen express management interface.
